

Mars Hill Church Rd to Pine Mountain Rd 36-INCH WATER MAIN REPLACEMENT PROJECT

PROJECT SCOPE:

The Mars Hill Church Rd to Pine Mountain Rd 36-inch Water Main Replacement project involves replacing an aged, undersized section of a water line in northwest Cobb County. The existing 30- and 36-inch prestressed concrete cylinder pipe will be replaced with a 36-inch ductile iron pipe. This new water line will reduce the potential for pipeline failures and increase water supply capacity. In most cases, the project will involve removing the existing pipe from the ground and installing the new pipe in its place.

PROJECT LIMITS:

The project begins at the intersection of Mars Hill Church Rd and Dogwood Lane and is planned to run in a southeasterly direction along Mars Hill Church Road, Acworth Due West Road, and Old Stilesboro Road to the intersection of Stilesboro Road and Bedford Oaks Place. The project continues within an existing 30-foot cross-country pipeline easement east of Paul Samuel Rd, to the Pine Mountain Tank Site tie-in location. The project also includes pipe replacement east of the Tank Site to Stilesboro Rd.

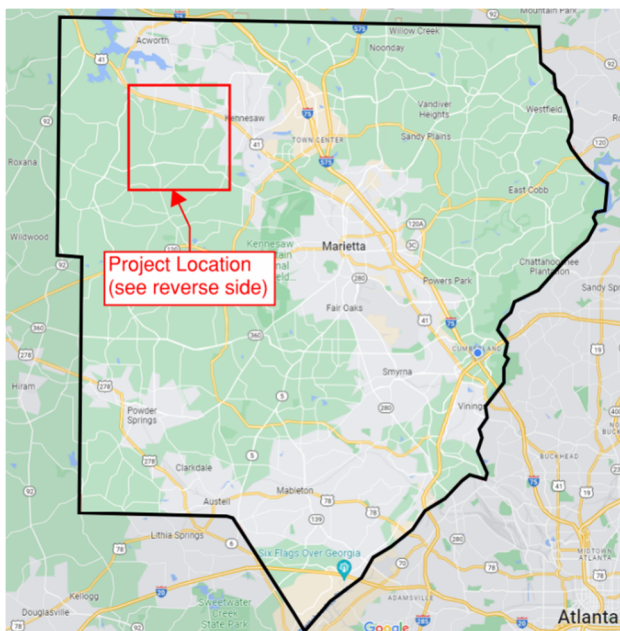

TENTATIVE SCHEDULE:

Complete Design Plans: Summer 2023
Construction Begins: Summer 2024
Construction Complete: Summer 2026

BENEFITS TO THE COMMUNITY

- Replaces 50+ year old pipe
- Improves Reliability
